## **AMENDMENT TO VETERANS' SUPPORT REGULATIONS 2014: STATEMENTS OF PRINCIPLES AND ACCEPTED LATE-ONSET CONDITIONS**

### **Proposal**

- 1 This paper seeks agreement to the amendment of Schedule 1 of the Veterans' Support Regulations 2014 (the Regulations). It does not seek amendment of Schedule 2A of the Regulations.
- 2 Schedule 1 lists the Australian Statements of Principles that apply for the purposes of the Veterans' Support Act 2014 (the Act). Amendment is required to introduce four new Statements for Principles; and to revoke 32 Statements of Principles, replacing them with 32 Statements of Principles.
- 3 Schedule 2A lists accepted-late onset conditions that apply for the Act. No changes to Schedule 2A are required.

### **Background**

- 4 In deciding claims for entitlements under the Veterans' Support Act 2014 (the Act), Veterans' Affairs must assess whether a veteran's medical condition is linked to qualifying service. Statements of Principles are one of the mechanisms under the Act for establishing this causal link. They have been specifically developed for the most commonly claimed conditions that are service-related.
- 5 The Statements of Principles are determined by the Australian Government Repatriation Medical Authority (RMA) and are regularly reviewed and amended. New Statements of Principles are introduced based on medical-scientific evidence linking the condition to service.
- 6 A Veterans' Affairs representative (medical practitioner) attends the RMA meetings as an "attending expert". The representative provides input into the RMA's assessment of the medical-scientific evidence and on the proposed revisions to the Statements of Principles and introduction of any new Statements of Principles.
- 7 New Zealand adopted the Statements of Principles under Schedule 1 of the Regulations. In accordance with section 23 of the Act, I must decide if the Australian revocations and replacements of Statements of Principles, and any new Statements of Principles if there are any, should apply in New Zealand based upon advice from Veterans' Affairs and the independent Veterans' Health Advisory Panel.

- 8 Cabinet previously authorised [CAB-16-MIN-0131] that the Minister for Veterans will issue instructions to the Parliamentary Counsel Office to draft amendments to Schedule 1 of the Regulations to effect revisions to the Statements of Principles, without further reference to the then Cabinet Social Policy Committee, unless a significant issue relating to the Statements of Principles revisions arises.
- 9 Accepted late-onset conditions are another mechanism under the Act for establishing a link between a veteran's service and their illness or injury. This mechanism is applied only to veterans whose qualifying operational service took place after 1 April 1974 (Scheme Two). Its purpose was to ensure that families of veterans whose death was the result of a late-onset malignancy or other physical illness, or a mental disorder, receive entitlements under the Act. It was deemed that if accepted late-onset conditions were not defined, the family of a veteran whose death was caused by an event that occurred during qualifying operational service ten or more years prior to the onset of illness may not be covered as causality would be difficult to establish over this time period.
- 10 The original list of accepted late-onset conditions was based on identifying which conditions were covered by Statements of Principles and then, of those, which had one or more late-onset causative factors.
- 11 I must approve changes to accepted late-onset conditions as these are specified in Regulations.

#### **Proposed Regulatory Amendment to revise Statements of Principles**

- 12 In December 2024 and February 2025, Australia repealed and replaced 32 Statements of Principles, and introduced four new Statements of Principles. I have decided, on the basis of advice from Veterans' Affairs and the Veterans' Health Advisory Panel, that the changes to the 32 Statements of Principles and the introduction of the four new Statements of Principles are based upon sound medical-scientific evidence; that they can be linked to a veteran's qualifying service; and that they are suitable for use in New Zealand. The Statements of Principles in question are listed in Annex A.
- 13 The replacement Statements of Principles have undergone revisions, additions and deletions of definitions and of causative factors linking a veteran's injury, illness or death to their qualifying service. Six have undergone a name change.
- 14 None of the new or replacement Statements of Principles will make it significantly harder or easier to link a veteran's condition to service, or are likely to result in significantly higher numbers of successful or failed claims.
- 15 Accepted late-onset conditions are derived from the Statements of Principles. The list of these conditions first came into force in December 2015.

- 16 Since January 2023, Veterans' Affairs has regularly audited new Statements of Principles adopted or scheduled for adoption in New Zealand. The purpose is to assess whether any of the conditions covered meet the criteria set out in section 7 of the Act for the list of accepted late-onset conditions. Neither of the two conditions covered by the four new Statements of Principles proposed for adoption in New Zealand are recommended to be added to the list.
- 17 Changes to a Statement of Principles through amendment, revocation (repeal) or new introduction will not impact on any entitlement or service that has previously been granted under the Act.

### **Timing and 28-day rule**

- 18 It is intended that the Veterans' Support Amendment Regulations (No 2) 2025 will come into force on 26 June 2025, thus complying with the 28-day rule.

### **Compliance**

- 19 The proposed amendment to the Regulations to replace Schedule 1 complies with each of the following:
- 19.1 the principles of the Treaty of Waitangi;
  - 19.2 the rights and freedoms contained in the New Zealand Bill of Rights Act 1990 or the Human Rights Act 1993;
  - 19.3 the principles and guidelines set out in the Privacy Act 2020;
  - 19.4 the relevant international standards and obligations; and
  - 19.5 the Legislation Design and Advisory Committee Guidelines (2021) which are maintained by the Legislation Design and Advisory Committee.
- 20 In accordance with section 23 of the Act, before reaching my decision that 32 Statements of Principles should be revoked and replaced, and four newly introduced Statements of Principles adopted, I received reports from Veterans' Affairs and independent advice from the Veterans' Health Advisory Panel. Both recommended the adoption of the proposed changes.
- 21 I also received a report from Veterans' Affairs as to consideration of two conditions (*distal biceps brachii tendinopathy* and *traumatic brachial plexopathy*) for addition to the Schedule 2A List of accepted late-onset conditions. It did not recommend the addition of these conditions.

### **Regulations Review Committee**

- 22 There are no grounds for the Regulations Review Committee to draw this regulation amendment to the attention of the House under Standing Order 327.

## Certification by Parliamentary Counsel

- 23 The Amendment Regulations have been certified by the Parliamentary Counsel Office as being in order for submission to Cabinet.

## Financial Implications

- 24 The changes to the Statements of Principles, and addition of four Statements of Principles for *distal biceps brachii tendinopathy* and *traumatic brachial plexopathy*, are not expected to affect the overall Crown liability relating to veteran entitlements.

## Impact Analysis

- 25 The Regulatory Impact Analysis Team at the Treasury has determined that the regulatory proposals in this paper are exempt from the requirement to provide a Regulatory Impact Statement on the basis that they have no, or minor, impacts on businesses, individuals or not-for-profit entities.

## Publicity

- 26 Veterans' Affairs will publish the changes on its website.

## Proactive Release

- 27 I intend to release this paper in full apart from any legally privileged material.

## Consultation

- 28 The Treasury was consulted in the course of developing the policy and the amended Schedule 1 of the Regulations.

## Recommendations

I recommend that the Cabinet Legislation Committee:

- 1 **Note** that in accordance with section 23 of the Veterans' Support Act 2014 I have approved the revocation and replacement of 32 Statements of Principles, and the introduction of four new Statements of Principles relating to conditions that may be causally connected to a veteran's qualifying service.
- 2 **Note** that no change to the list of accepted late-onset conditions at Schedule 2A of the Veterans' Support Regulations 2014 is needed.
- 3 **Note** that the proposed changes are not expected to affect the overall Crown liability relating to veteran entitlements.
- 4 **Note** that Cabinet authorised [CAB-16-MIN-0131] the Minister for Veterans to instruct the Parliamentary Counsel Office to amend Schedule 1 of the Veterans' Support Regulations 2014 to effect revisions to the Statements of Principles without further reference to the then Cabinet Social Policy Committee.

- 5 **Note** that the proposed amendment of the Veterans' Support Regulations 2014 gives effect to the decisions referred to in recommendation 1 above.
- 6 **Agree** that the Veterans' Support Amendment Regulations (No 2) 2025 will come into force on 26 June 2025, thus complying with the 28-day rule.
- 7 **Authorise** the submission to the Executive Council of the Veterans' Support Amendment Regulations (No 2) 2025.

Authorised for lodgement

Minister for Veterans
